In this dark night, we stand or we fall

      Dm              G#              E
We are kings now, or nothing at all

      Dm              G#
Check your armor, light up your torch

      Dm              Am
Touch the flame to the sail, before you head for the shore

```

Chorus: (Played the same as the opening)

```

      E              Am
And we will burn the fleet, we can never go home

      E              Am
It s on to victory or underground

      E              Am
Burn the fleet, we ll be heroes or ghosts

      E              Am
But we won t be turned around

```

Verse:

Dm **G#** **E**
The old flag will burn with the sail
Dm **G#** **E**
And a new one won't fly if we fail
Dm **G#**
But the fire continues to rise
Dm **Am**
And it shows not a hint of any fear in our eyes

Chorus:

E **Am**
And we will burn the fleet, we can never go home
E **Am**
It's on to victory or underground
E **Am**
Burn the fleet, we'll be heroes or ghosts
E **Am**
But we won't be turned around

Bridge:

D#m, A

Chorus:

E **Am**
And we will burn the fleet, we can never go home
E **Am**
It's on to victory or underground
E **Am**
Burn the fleet, we'll be heroes or ghosts
E **Am**
But we won't be turned around

One final thing is that the opening of the song is replayed in between the bridge and final chorus.

And that should do it. Enjoy!
