In Your Hands
Thrice
bound to this couch, i lie in waiting
watching wind blown memories slip by my window sill
i can t fall asleep, voice in my head disturbs me
Αm
                                                     Am, G
waking nightmares keep, have my cries fallen on deaf ears
           Fm(let it ring)
can you hear me or am i....
C
                                  Am
talking to myself again, is there anybody listening
                             Fm
are you taking this in, am i wasting my breath
tell me, is the wind in your sails worth everything you give
are you looking for something, forgiveness
i leave it up to you, i guess i m better off removed
because the situtations growing too thick,
in your hands
could it have been something i said,
or was it something that i did
                              Fm
did i ruin my chance, have you written me off
tell me where did i cross the line,
and can i work my way back this time
will i always regret this decision
i leave it up to you,
                         Am
