

Flowers For A Ghost
Thriving Ivory

D **A** **G**
You disappear with all your good intentions
D **A** **G**
And all I am is all I could not mention
D **A** **G**
Like who will bring me flowers when it s over
D **A** **G**
And who will give me comfort when it s cold

D,G

D **A** **G....** 4x
She took a plane to somewhere out in space
To start a life and maybe change the world
See I never meant for you to have to crawl
No I never meant to let you go at all
A **G**
Oh no, Oh no

D
Don t ever say goodbye
D,G 2x

D **A** **G** 4x
See my head aches from all this thinkin
Feels like a ship God, God knows I m sinkin
Wonder what you do and where it is you stay
These questions like a whirlwind, they carry me away

And I said

D **A** **G** 4x
Who will bring me flowers when it s over
And who will give me comfort when it s cold
And who will I belong to when the day just won t give in
And who will tell me how it ends and how it all begins
A **G**
oh, oh no, yeah

Bm (D) A
Don t ever say goodbye

Bm (D) A - repeat
And I m only human
I said I m only human
I m only human
I said I m only human
I m only human

Bm **A** **Bm**
I said I m only human, I m human, I m human
G D A
