Standard Tuning

Capo: 2nd Fret

Intro: | G | D/F# | Em | Em | F | C | C/Am Am G |

G D/F# Em  
Once in a while, I drift in time  
F C C/Am Am G  
To a place in my memory that it still hurts to find  
G D/F# Em  
I was taking on the world with a see through smile  
F C Am C  
But dying on the inside all the while  
F C C/Am Am G  
I was dying on the inside all the while

G D/F# Em  
Like a martyr that don t want sympathy  
F C C/Am Am G  
I locked away my feelings and threw away the key  
G D/F# Em  
It was gonna take a miracle to pierce my pride  
F C Am C  
And you were the tower of strength that tried  
F C C/Am Am G  
When your loving washed right over me like the tide

Chorus:

D/F# D/F#  
And now I believe in love, I believe in love,  
C F C C/A# Am7  
You re the reason why I can  
G F C Am7  
Cos when I look at myself in the mirror,  
G C9 D  
I see a better man,  
D C9 D  
A better man

**C** **C/A#** **G** **F**  
 Yes it s hard finding words that can say how I feel about you  
**C** **F** **D**  
 I don t care if it sounds like another old cliché  
**D** **Dsus2** **D**  
 But I can t stand the thought of living my life without you  
**F C C/Am Am G**  
 For even a day
