**Bm** **Gmaj7**  
You re a beauty in anybody s eyes  
**Em** **A**  
I m in the gutter and you re in the skies  
**F#** **Bm**  
Shining like a star

**Bm** **Gmaj7**  
Baby don t be cruel  
**Bm** **Gmaj7**  
Cause if you drag me into loving you  
**Em** **A**  
My poor heart would surely break in two  
**F#** **Bm**  
And that s a chance I can t take

**Em** **A**  
So don t think I m stupid, but I don t understand  
**Em** **A** **F#**  
Why you re talking to me and holding my hand

Bm Gmaj7

Darling, think again

Bm

Gmaj7

Cause you don't love me, you're just trying to find a friend

Em

A

You're on the rebound and this is bound to end

F#

Bm

So set yourself free

Em

A

You can sit there smiling and laugh it all away

Em

A

F#

But I'll be here crying when you leave me someday

What'd you want with a loser like me

When the world's in your hands?

When I think of all you could be

And I'm just a fool without a plan

Is there nothing I can say?

Got to make you try and understand

What'd you want with a loser like me?

Cause I'm so confused

Look at any other man and you'll see

That I was born to lose

This ain't reality

I'm just a loser with the blues

What'd you want with a loser like me

When the world's in your hands?

When I think of all you could be

And I'm just a fool without a plan

Is there nothing I can say?

Got to make you try and understand

I'm just a loser in a band, mmm

Just a loser in a band
