.::info
this song is originally played by a piano and so it doesn t
sound the same miserable way when played by a single guitar.
anyway i think that the chords a quite right. if you have
any suggestions mail me at 414@gmx.net.

.::variations
at D#var1/D#var2 play the first 2/4 D#var1 and the other
2/4 D#var2.

.::sound
playing this song on a single acoustic guitar sounds quite
boring. so i tried out my electric guitar with an effect
called cathedral . this effect has a very strong reverb
and makes the guitar sound like a violin. if you have an
FX-board look for a sound like this.
