[Keri Hilson - Bridge]

They wonder how we do what we do
Panamera Porsches me and you
Stuck to your side like like like glue
Be by your side whatever your gonna do

[Chorus]

[T.I. Verse 2]

This is for the women who man caught a sentence
Who gon be there for a minute but they didn t keep their distance
They stayed home waiting on the phone
And on visit day show up looking good smelling better, playing kissy face
Just wanna let you know we appreciate
Everything you do for us on a day to day
And I know we don t show you all the time but we lucky that you ours
No bouquet of flowers could ever show how much we know we need you
We do all that s in our power just to please you
See boo, fuck them girls, I would leave the World fore I leave you
May God say even Eve and Adam ain t got shit on these two

[Bridge]

[Chorus]

[T.I. Verse 3]

Sure enough
Even though them chicks be hating on us
Still I m gonna keep her by my side
In whatever situation we gon ride
Make all my fantasies come alive
That s no lie now
Iâ€™ll be, alright just as long as you beside me
10 million dollar mansions won t suffice
If you ain t gon be in there with me at night
The pieces to my puzzles in my life
With all of my good days and all of my bad
You stood by your man and you know you got my back
Worth every car every bag with me they wanna be that
I know what I got at home
I ain t gon never leave that
Them bitches best believe that

[Chorus]
