The price of fame I think I paid, want my change I done gave

E erything in my possession for my seconds on the stage

For my name up in lights and multi-million record sales

I done gave up my life, can t get a moment to myself

When alone I ask myself, is it worth it? I ain t perfect

Neither is anybody else, but I think my kids deserve

To be with Daddy out in public without all the interruptions

When the lies and gossip s published I m the topic of discussion

And I stay in trouble just to show these suckers I ain t lost it

And I d do it all again that s the funny thing about it

I ain t playing, boy I m bout it

Will I change, boy I doubt it
I done been a lot of things, I ain t never been a coward
See the paparazzi crowded all around me now
Same niggas who was dissin want a pound like I m senile
Showered with support from my adoring fans
They hear T.I. s arrested they re like here we go again

[Chorus: Usher]

C Am C F C C Em C Em C Em

My life, your entertainment
You watch it while I live it (live it)
I walk they follow (ay)
I talk they holla (ay)
Just here for your amusement
My life, your entertainment
You watch it while I live it (live it)
You waitin for me to lose it
I guess I m just here for your amusement

You ve seen it all before, guys know how the story goes
It s like 2Pac never died, sit back, enjoy the show
You see the shit that scares you senseless, I done lived through it
Knew the risks and the consequences and I still do it
And then I m so fresh, them niggas mildew it
Not just a actor by profession, pimp, I live movies
That s why they whisper when they see me, point and stare at me
Cause they just wanna live through me vicariously
Fashion weekend, Paris week, party like a rockstar
Get blown by a top model til she catch lockjaw
Got the dough you get a year, stashed in my sock drawer
Showed you the troubles and the struggles of an outlaw
Top dog would not fall, I am not y all
Couple pages out the calendar and I m out y all
Kid listen, pay attention, you don t wanna be me
It s safer to watch it on T.V.

[Chorus: Usher]

C Am C F C C Em C Em C Em

My life, your entertainment
You watch it while I live it (live it)
I walk they follow (ay)
I talk they holla (ay)
Just here for your amusement
My life, your entertainment
You watch it while I live it (live it)
You waitin for me to lose it
I guess I m just here for your amusement

[Usher:]

See I don t think it would even matter (to me)

Woking a nine to (five) would it be better
 I mean be honest, would you care to gossip about me
 Not likely
 I guess that s just the way that it goes (the way that it goes)
 (Cause I know) See I can be somewhere out keeping it cool
 (And get told) Almost anything instead of the truth
 Y all know more than I do, it s breaking news to me too
 Easy killer y all know that ain t how I move (ooh)
 He said and she said (what) I did what, with they (who)
 No not me I said (not me) she gave me no head (ooh)
 Won t get me again (hey) I pleaded the fifth (hey)
 I know better than to ever talk during the film...
 In and flashing lights can blind your eyesight
 To when you can t see what s wrong from right
 Well shorty til you walk a mile in my shoes
 And understand this is who I am

Usher I completely concur
 Life can be such a blur, obviously we prefer
 Our privacy but instead we endure
 Yes sir, don t expect nothin less of me
 Cause this goin probably be this way until the death of me
 But for the hustle and the lady on my arm now
 Plus all my kids and my mom s I m a calm down
 And yo, we doin just fine, and the time s just flyin
 Live one headline at a time

[Chorus: Usher]

C Am C F C C Em C Em C Em

My life, your entertainment
 You watch it while I live it (live it)
 I walk they follow (ay)
 I talk they holla (ay)
 Just here for your amusement
 My life, your entertainment
 You watch it while I live it (live it)
 You waitin for me to lose it
 I guess I m just here for your amusement
