Solo 1 o verso inteiro:

Wait a minute, step back
Get a little closer
We re just a little off track trying to get it all done
I think I ll pour another glass
I m feeling kind of sober
We re just a little off track trying to get it all done

F G
On it goes
Am G
And still nobody knows
F G
What we re all fighting for
Am G
Soon when all hope is gone
Solo 1
We ll find love

(Solo1)

Wait a minute, step back
See what s going over
People watching our backs protect us from each other
It s just another way of sitting back and blaming others
We re just a little off track trying to get it all done

F G
On it goes
Am G
And still nobody knows
F G
What we re all fighting for
Am G
Soon when all hope is gone
Solo 1

We ll find love
