

Trouble Over Me
Tift Merritt

G **C**
You re not my boyfriend, I don t want a boyfriend
D **G**
Just make a little trouble over me
G **C**
In your kitchen, on the way to your window
D **G**
Walking down your hallway, make some trouble over me

I ll play hard to get, but if I mean it
Just make a little trouble over me
Leave me alone, do what you want to
See, I got some things on my mind

Refrão -----

Am **C**
Don t treat me bad, that s not what I m asking
G **D** **Am**
Look out your window, everyone s in line
Am **C**
Paper truth in strings, hearts and broken things
G **D** **Am**
Love goes for quite a price
C **D**
I don t you for mine, oh but don t we get along fine

Tell me a secret before you meant to
Worry what I ll do, trouble over me
If you touch me, it s only by accident
Oh, wrists, and fingertips trouble over me

Chorus

Solo

In your kitchen, on the way to your window
Walking down your hallway, make some trouble over me
Button my coat up, stumble with your words some
Let me think that you might go for a little trouble over me

C **D**
Just a little
C **D**
Just a little trouble
C **D** **G**
Just a little trouble over me
