Tiger Army

[Intro]

Am C F C G

[Verse]

Am **C**
Desert nights under lonely stars
F **C** **G**
Cruising down a highway takes me farther from home
Am **C**
Whiskey and regret
F **C** **G**
Neither can erase the fact that I have done wrong

[Chorus 1]

F **C**
So now I m on the run
F **C**
The law is on my trail
F **C**
Let down the only girl that ever seemed to be the one for me
F **G**
So now I wander alone

[Solo]

Am C F C G

[Verse 2]

Am **C**
Alone in a cheap motel room
F **C** **G**
Praying to The Lord above
Am **C**
Burden of the past rests so heavy on my shoulders
F **C** **G**
My conscience carries the weight of blood

[Verse 3]

Am **C**
Cigarette smoke and shadow
F **C** **G**
A neon cactus in the night
C **Am**
Did what I did cause I thought that I had no choice
F **C** **G**
But there s always another way woah

[Chorus 2]

F **C**
look to the moon and stars
F **C**
Somewhere underneath them she s there
F **C**
Never even spoke to her the words of love I held in my heart
F **G**
If she heard them now, would she still care?

[Chorus 3]

F **C**
Wonder if she s thinking of me
F **C**
Does she hate me for what I ve done
F **C**
How I wish that I could change everything and go back
F **G**
Now that my last chance is gone, it s gone

[Solo]

Am C F G

[Chorus 4]

F **C**
Moon, will you tell her for me
F **C**
I m sorry for all the trouble that i ve caused
F **C**
If only i could find a way to return to her someday
F **G**
For i long to hold her in my arms

[Chorus 5]

F **C**
But i fear that i m not long for this world
F **C**
Because i will not go out without a fight
F **C**
I m running forever and if they should catch me
F **G**
One last thought of her before my gun is fired.

[Outro]
