

**I Saw Water  
Tigers Jaw**

[Verse 1]

**Am C**

I saw water

**C**

I said I wanted to break, my friends

**Am**

But my dependency won't let me awake

**C**

I like to think that I can work it out some

**Am G C**

But I want to be put into the ground

**C**

Today I needed a break

**Am**

My friends are climbing mountains and I'm drowning in lakes

**C**

I swallowed water right in front of her face

**Am G C**

Just to show that she had nothing to say

[Chorus 1]

**Am G C**

I felt lighter

**Am G C**

I impressed her

[Verse 2]

**Am G C**

My emotions ran unopposed

**Am G C**

I felt just like Brian Jones

**Am G C**

I never felt that lost before

**Am G C**

I just don't feel incredible

**Am C**

But me, well of course I liked you

**Am C**

Have time for me? I don't expect you to

**Am C**

I see me become a recluse

**Am C**

It's buried, easy to seclude

[Chorus 1]

**Am G**

I saw water
