[C] [F]
Morning came and I tried not to notice
[C] [G]
It was time for you to move along
[C] [F]
And the minutes fell like petals all around us
[C] [G] [C]
Like a goodbye kiss when goodbye felt so wrong

(CHORUS:)

[F]
So you better get going
[C]
You better move along now
[G] [C]
You better run off and make yourself scarce.

[C] [F]
These few days have decided to be lazy.
[C] [G]
They don't move or seem to end at all.
[C] [F]
And my heart - it is close enough to breaking
[C] [G] [C]
That hurts just listening to your songs.

CHORUS (2x)

(BRIDGE:)

[E] [G]
It's been a while now since you left,
[A] [F]
And I can't seem to shake this lonely mood.
[D7] [G] [C]
When the time comes I'll try my best not to tell you

[G]
Please don't leave again
[C] [G]
Please don't leave again

[C]

I guess I ll say it now then,

[G]

Please don t leave me again

[C]

[F]

Since it s all I have I want to go to sleep

[C]

[G]

And dream of you and me just off the coast

[C]

[F]

On a holiday so long and warm and lucky.

[C]

[G]

[C]

I always wake up in my bedroom all alone.

[F]

Guess I better wake up then

[C]

I guess I better be going

[G]

[C]

I guess I better move on now and find my own way.
