

Ronnies Song Acoustic

Tim Barry

Verse

F C G F

Chorus

C G F C

note: when he plays the **F** chord he normally just plays the D G B strings

Best friends day, well, it came and went
And not without incident
On the hill theyâ€™re all moving in
But I donâ€™t care much
Iâ€™m dodging branches from Maple trees
Theyâ€™ve stolen heavy and steady sleep
They seized every city street
With tuition bought full dirt

And I sat at the river with Ronnie
Watching the Cormorants
And the Osprey diving for their prey
He asked about old friends
I said, I ainâ€™t seen none of them
Heâ€™s said, theyâ€™re all transient, man
And their footprints they washed away

Still I walk this town
Hoping to get lost some how
It seems by now though Iâ€™ve smoothed a path in every side walk
Itâ€™s all painted black and gold
Black tar where once stood homes
Gold in the hand of each student based franchise

And I sat at the river with Ronnie
Watching the Cormorants
And the Osprey diving for their prey
He asked about old friends
I said, I ainâ€™t seen none of them
He said, howâ€™d you get here, man?
And whyâ€™d you stay?

Come on brother, letâ€™s make a list
Of all those gone that we still miss
Letâ€™s make a list of what they believed
And we still do
Like living first and working last
And beating the day before itâ€™s past
Like whatâ€™s mine is yours, man
And whatâ€™s yours is mine

I think Iâ€™ll stay here getting older
And angrier
And getting louder with each passing day
And think about old friends
And all that I have learned from them
They may have moved on, man
But weâ€™ll all be gone someday
