[Verse 1]

G D C
There s vapour flowing like a bridal gown
G D C
From the rocket ship that we re counting down
G D C
And love is leaving for the cold of space
G D
It s a mystery, it s our saving grace

[Chorus]

G C D
Out of this world with you
Am C
Searching for life I never knew
G C D
Out of this world, it s true
Am C
There s no limit on the things we ll do

It s only when I look into your eyes

I can see beyond what I fear inside

How it all belongs to eternity

Searching for life I never knew
