

Felt Good On My Lips

Tim McGraw

This is only my first tab but I think I got it pretty well figured out. Happy playing!

Tabbed by: Frets-On-Fire

D
Said her name was a hand me down name
From the side of a family that long ago came
G
Over here on a boat from somewhere in Spain
D **G** **Em**
Sounded to me just a little bit strange, I guess.
G
But I have to admit
D
It felt good on my lips.

D
She tipped the DJ to play her favorite song
A Spanish little number that was a rockin on strong
G
She took my by the seat and said lets go and get it on **Em**
By the second chorus I was singing right along with it
G
I donâ€™t know what it meant
D
But it felt good on my lips.

G
Oh oh oh I wanna go crazy
D **G**
You can go crazy too
D **Em** **D**
Oh oh oh I wanna go crazy
G
Wanna go crazy with you
D **Bm G** **A**
Everybody sayin whoaaa how sweet it is
(whoaa oooh)
D Bm Em A D
Whoaaa, yeah it felt good on my lips

She ordered us a drink
It was a purple kind of pink
She said its got a shot of a little bit of everything
Mello yellow umbrella for a fella like me
It was just a bit mello for me to be sing with

But I took a sip
Yeah it felt good on my lips

Oh oh oh I wanna go crazy
You can go crazy too
Oh oh oh I wanna go crazy
Wanna go crazy with you
Everybody sayin whoaaa how sweet it is
(whoaa oooh)
Whoaaa oh, yeah it felt good on my lips

[Solo]

When the lights came on and they hollered last call
I was busy getting lost in her cherry lip gloss
In a little corner both i dont like no talk
She leaned in close and gave me one long
And with one goodnight goodbye kiss
And It felt good on my lips

Whoaaa oh how sweet it is
(whoaa oooh)
Whoaaaaa ooooooh (oooh)
Whoaaa oh how sweet it is
(whoaa oooh)
Whoa oooooh, yeah it felt good on my lips
