Verse 1:

Am
Walking down the sidewalk, kickin my feet

As Iâ€™m movinâ€™ to the music, step to the beat

D7
I, woke up today, and canceled all my plans

And I stepped right outside, with my guitar in my hands

G
And the notes became alive, as the sound caressed the air

And I kicked it up a notch, as I strolled without a care

Am

Cause Iâ€™m going down the road, to a brand new place

And Iâ€™ll get there With a smile on my face, yeah

Chorus:

Am

So lift me up, Iâ€™m moving on

Singin and dancinâ€™, while I play my song

D7

Yeah, Iâ€™m having a good time, keepin it going

Come on clap your hands and wonâ€™t you sing along

G

And now lets take it up high, high, high

Give our dreams their wings to fly

Am

Gotta keep the fire, and keep the fire burninâ€™

Keep the hope alive, you gotta keep it turning

Am

Verse 2:

Am

Feel the music from your head, to your toes, to your shoes

Kick em off, and take a deep breath, and shake off the blues

D7

This is a brand new day, that you can pave the way

G

Because everything is possible, shout and say, "Hey, hey"

I got it going, I got it going on and

Keep on pushin up and, I'll march and move along and

Am

Good things all around, now that I look I can see

And they said it wouldn't happen to me, yeah, yeah,

Am

So take your hands and throw em up, yeah, put em up high

And clap it up and dance it out, up until your ready to fly

D7

Turn the music, turn it up, just a little to loud

If you're alone, dance like there's a crowd

G

And keep it going every day, every day till the night

From when you first see the sun, until the stars show their light

Am

No, not a care in the world, not a worry for me

I tell ya this is what it's like to be free

Chorus:

Am

So lift me up, I'm moving on

Singin and dancin', while I play my song

D7

Yeah, I'm having a good time, keepin it going

Come on clap your hands and wonâ€™t you sing along

G

And now lets take it up high, high, high

Give our dreams their wings to fly

Am

Gotta keep the fire, and keep the fire burninâ€™

Keep the hope alive, you gotta keep it turning
