And though sometimes we don t wanna

Still we gotta chase our dreams

E

Reach up, and reach high, because we re gonna pull on through

G

And give it all we got, even though it can seem so hard to

Hm

Catch and make happen, but we can't start slackin', come on

A

Do what ya gotta do to fight on

E

So no matter what comes your way

G

Nothin' can ruin your day

A

Or even wipe your smile away

Hm

By the time I'm up and outta my bed

A

I got a hundred new ideas floatin' round in my head

E

With a hope for tomorrow, a dream that I can see

G

A

Of all the awesome things, the great people we could be

Hm

And maybe by the music or the songs that I sing

A

I'll change the world with the simple message that I will bring

E

All I know is that it's out there, there's more to discover

G

A

And a lot of good things, we can learn from one another

E

Gotta celebrate life

And get excited about

Good times and good livin'

Come on and shout it out, (HEY!)

Hm

Take it up, take it over, take it out of control

A

Today I'm freein' my soul, and now you got me singin'

E
