

I Love Jesus
Tim Minchin

Hello. Before I start I would like to say I disagree with the immediate anti-gay image of this song but when you look closer at the end of the song the actual joke is that this is what churches want us to believe. Anyway this is the song I love Jesus by Tim Minchin tabbed out from his UK Ready For This tour.

What happened?

We were just,
really starting to get that,
feeling of oneness then we just lost our way,
lost our way a little bit.

It s hard to know where to pick it up.

Maybe these are idea best shared in churches.
