Verse 1

A
I got something that belongs to you.
                                               F#
And it s stuck here for so goddamn long, I don t give a fuck.
But it starts to swell while my grin hardly covers it up.

A
I sleep on my side at night
and every time I turn, yeah every time I turn
        F#
I see the time is passing by.
               D   **Em**   **A**
You d better pick it up, it s about time.

A
I know I never said too much.
                                            F#
I started to doubt when it all was said and done.
I know I ve said enough.
                                   D
And I wonder why it takes so goddamn long.
                    Em   **F#**
A dirty wound won t heal till you clean it up.
    D   **Em**   **A**
The scars will fade, so let s move on.

Chorus
        D   **Em**   **A**   **D**
And it doesn t take much of an effort, to fuck it up once more.
              A   **Em**   **A**
But it s a hell of a job, to apologize for.
