[Verse]

**Am**                  **Em**                  **Dm**                  **Am**  **Asus2**  
The siren called beyond the treeline  
**Am**                  **Em**                  **Dm**                  **Am**  **Asus2**  
With another one for the caves  
**C**                  **Em**                  **Dm**                  **Am**  **Asus2**  
And in the tarn beyond those birches  
**Am**                  **Em**                  **Dm**                  **Am**  **Asus2**  
Is a spirit that I crave  
**Am**                  **Em**                  **Dm**                  **Am**  **Asus2**  
And from the island people watching  
**Am**                  **Em**                  **Dm**                  **Am**  **Asus2**  
You set that viking ship ablaze  
**C**                  **Em**                  **Dm**                  **Am**  **Asus2**  
We reached the moon falls I see a caldron  
**Am**                  **Em**                  **Dm**                  **Am**

And found the spirit that I crave

[Verse]

**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
You ve fallen barefoot past the treeline  
**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
Peeping boned-eyed, birches sway  
**C**                    **Em**                    **Dm**                    **Am**    **Asus2**  
And a thousand whitefish floating belly up  
**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
In the spirit that I crave  
**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
And we threw ourselves right into it  
**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
Where lay the bodies had been claimed  
**C**                    **Em**                    **Dm**                    **Am**    **Asus2**  
We dove a third, a fourth, a fifth  
**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
Banned to the spirit that I crave

[Chorus]

**C**                    **E**    **Am**    **G**  
All I need is some sunshine    All I  
**C**                    **E**    **Am**    **G**  
nee.....eee..eed    All I  
**C**                    **E**    **Am**    **G**  
need is some sunshine    All I

nee.....eee..eed

**Am**                    **Em**                    **Dm**                    **Am**    **Asus2**  
I found empathy from madness  
**Am**    **Em**                    **Dm**                    **Am**    **Asus2**  
Deliverance from malaise  
**C**                    **Em**                    **Dm**                    **Am**    **Asus2**  
My heart is filled with gladness  
**Am**                    **Em**                    **Dm**                    **Am**  
At the only spirit that I crave
