

Guilty

Timothy Seth Avett as Darling

Credit to the lovely gal in this video:

<http://www.youtube.com/watch?v=ljrp7Qf8lIY> for

all of the hard work. I just took her work and put it into this chord chart.

This song is played on a piano in the recorded version, so this is just a simplified version for the guitar.

I'd go ahead and play those Fs as x33210 if I were you.

Capo on the 5th. (She capos 6 for her voice, but I think it fits better with the recording at the 5th. Choose your own adventure.)
