F **F**
I m feeling low, I tear out my hair
F **F**
Walking round in circles like I don t care
Bb **Bb**
One shoe off, the other one on
F **F**
Cause I threw the damn shoe the night that you were gone

F **F**
I m in the mood, I m in such a mess
F **F**
My heart is broken and I m in distress
Bb **Bb**
Don t wanna eat, don t wanna sleep
F **F**
Cause I m thinking bout the dirty way you treated me
Bb **C**
I m in no mood for company
F **F**
You see I just don t want your pity

F **F** **F**
Cause I call your name to drive me insane
F **F**
And I feel the need to make my heart bleed
Bb **Bb** **F**
And baby I don t know why I m drowning in tears
F
Cause I don t wanna die
Bb **C**
So I find myself another way to learn to live another day
F
Without you yeah

F **F**

Looking down at the way I get dressed

F **F**
I need to know is that why you left

Bb **Bb**
My face is sweet but my head is wrecked

F **F**
By the things that you said on the night you left

Bb **C**
You can keep your sympathy

F **F**
Because I just don't want your pity

F **F**
Cause I call your name to drive me insane

F **F**
And I feel the need to make my heart bleed

Bb **Bb** **F**
And baby I don't know why I'm drowning in tears

F
Cause I don't wanna die

Bb **C**
So I find myself another way to learn to live another day

F
Without you yeah

(no guitar is played during this bit, but the tune is the same, if you still want to play through it)

Yeah yeah yeah yeah
I can live without you, I'm telling you girl now
I can live without you, can you hear me

You know you can keep your sympathy
Because I just don't want your pity

F **F**
Cause I call your name to drive me insane

F **F**
And I feel the need to make my heart bleed

Bb **Bb** **F**
And baby I don't know why I'm drowning in tears

F
Cause I don't wanna die

Bb **C**
So I find myself another way to learn to live another day

F
