

**Lets Pretend  
Tindersticks**

**Am** **C**  
Let s not make it into a big thing  
**Am** **C**  
Let s not get lost in this  
**Em** **F**  
I know it is, I know we could  
**C** **G**  
I guess we surely would  
**F** **C**  
Let s pretend it s not  
**E7**  
It doesn t mean a thing

Let s not blow it out of all senses  
As though it meant so much  
It s always thought about for weeks  
Not everytime your lips meet mine, I think of her  
But when her hands reach out, I think of you
