Good Vs Bad
Tingsek
Em F G F (4x)
[Verse 1]
You feel it too? There s something new
Something big is about to be released
I don t know what, it could be
But it feels like it s gonna change me
                                     G F Em
Somethings that s impossible to understand
It will make perception of life expand.
[Chorus]
            Fm
Somethings changing I can feel it
(What the hell are you talking about?)
                   G#
I don t know I wish I could explain it
           Am
                       G
(It sounds certain for sure, no doubt)
  G#
How can you not see it?
               Am
                       G
                                   Cm
(What? That feeling you felt last night?)
                     G#
That s right, you got reasons to believe it
                         Fm Gm G# A#
                    G
(It will change our way of life)
