

Losing the love

Tini

G **Am** **Em**
Your arrow shot, straight trough my heart
G **Am** **Em** **C**
Let in the light, push past the dark
Bm **Am** **G**
We once we re young, but now we re only safe our face
D **Bm**
We could never change the blood flow
Am **Bm** **D**
Still looking back but see no trace

G **D**
This love is a fever and I m hit
Am **Em**
Can t standing on bleeding, let me in
G **D**
We re losing the loooove
Em **C**
We re losing the loooove

This love was a shelter
From the storm
I love to come home too, never more
We re losing the loooooove
We re losing the loooooove
