LEAF - Title Fight

I figured I d write out the chords for this one instead of a tab because the rhythm guitar just sticks to the powerchord versions of these chords, and the lead guitar is doing some sort of light ambient stuff a lot of the time.

INTRO: C F Am

VERSE:

C F Am
I never was able to say
C F Am
Just how I was feeling.
C F Am
Can t let you see me in this state.
C F Am
Everything s packed. I m leaving.

C Am F
Do you really wanna know?
C Am F
Do you really?

CHORUS:

C G C G
I feel lost. I feel boring.
C G C G
I ve been caught sleeping all morning.

INTRO: C F Am

VERSE:

C F Am
Pull down the shades,
C F Am
I d rather stay inside all day.
C F Am
My own thoughts are in my way.
C F Am

I d rather sleep than have to say:

CHORUS:

C G C G
I feel lost. I feel boring.
C G C G
I ve been caught sleeping all morning.
Em G Em G
I feel scared of knowing
C G C G
I m just a single leaf in the wind blowing.

C Am F
Do you really wanna know?
C Am F
Do you really wanna know?
C Am F
Do you really wanna know?
C Am F
Do you really wanna know?

C G C G

That lead part in the intro is just bending the 12 a half step
and the 15 a full step like this:
