Chart:

Intro (A)-2x

(A):

Are you given visions?
Are you second sight?
Are you older than your life?

(A):

Eighty days of sorrow
Endless more in sight
Still you child burn bright.

(B):

And you see me crying again
And you hold out your little hand
Lead me shaking to his room
I thought I d never see again.

(A):

Close the door behind you
Turning out the light
Press a flashlight up against the wall

You say: This is how we knew him, in a little egg
It opened up and this is daddy now.

(B):

Now you re stepping back towards me
Til the room is bathing in light
And the answer there before me
There s no ending in when we die.
solo (A) 2x

(B)

Are you sleeping here beside me
Are you shining bright as the sky
Are you breathing now inside me
There s no ending when we die
