Verse 1

Green buttons like a lantern  
 Illuminates this cavern  
 And outside nothing matters anymore  
 My instinct won t deceive me  
 My senses will not leave me  
 When there s no one left to grieve me  
 I won t mourn

Chorus

Good night, don t fear  
 I always will watch over you, my dear  
 Good night, sleep well  
 I ll see you with the rest of them in hell.

Verse 2

My hand won t shake the console  
 My hand cuff will not rattle  
 As I win the final battle of all wars  
 And down beneath the ocean  
 I ll dream of wings in motion  
 A blinding glory  
 That ll show em what freedom s for
