A **Bm**
Lately I been lookin thru the windows of my soul
G **A** **Bm**
And I can see there s not much left to hold
A **Bm**
Just an empty space surrounded by the pieces of
G **F#7**
A badly broken heart that s forgotten how to love

CHORUS:

Bm **A**
What my heart needs is a woman s touch
G A **Bm**
A tender hand to fix it up

It s rough and ragged edges sure could use some love

What my heart needs is a woman s touch

A lonely voice is cryin out from somewhere deep inside
