

Forever Hasn't Got Here Yet
Toby Keith

E **A**
Girl watcha talkin bout, I ain t believin this
E **A**
I ain t settlin for none of this foolishness
E **A**
We can t let a sure thing drown in a puddle of doubt
E **A**
It s just some rocky road but we ve got solid ground
E **A**
It s just a little bump we can work around
E **A**
We ve got a lifetime ahead so don t go quittin me now

CHORUS:

B **A**
Come on baby we re still together
B **A** **E**
This ain t as good as it s gonna get
B **C#m**
I swore I d love you til the end of forever
B **A** **E**
And forever hasn t got here yet

Does it matter girl, who s really right or wrong
This ain t the kinda thing we should sleep on
I say we start it all over tonight with a kiss
So slide over here momma, it s gonna be alright
We ll write it off as just another angry night
I like it better when we re makin up like this

CHORUS

CHORUS
