

You Shouldn't Kiss Me Like This  
Toby Keith

**Am7**                **D**                **Am7**

I got a funny feeling

**C**

The moment that your lips touched mine

**Em**                                **C**

Something shot right through me

**D**                                **Am7**

And my heart skipped a beat in time

**Am7**

There's a different feel about you tonight

**D**                                **C**

It's got me thinking lots of crazy things

**Em**                                **C**

I even think I saw a flash of light

**D**                **C**                **G/B**                **D/A**

It felt like electricity

G  
 You shouldn't kiss me like this  
 Em  
 Unless you mean it like that  
 Am7  
 'Cause I'll just close my eyes  
 D  
 And I won't know where I'm at  
 G  
 We'll get lost on this dance floor  
 Em  
 Spinning around  
 Am7 D  
 And around and around and around  
 C  
 They're all watching us now,  
 D  
 They think we're falling in love  
 G G/B C G/B  
 They'd never believe we're just friends  
 Am  
 When you kiss me like this,  
 D  
 I think you mean it like that  
 C D C  
 If you do, baby kiss me again  
 G/B  
 Everybody swears

**Bb**

We make the perfect pair

**Am**

**D**

**C**

But dancing is as far as it goes

**G/B**

Girl, you've never moved me

**Bb**

**Asus4**

Quite the way you move me tonight

**G**

**Em**

I just wanted you to know

**Am7**

**D**

**C**

**G/B**

I just wanted you to know

**Bb**

**Am**

(Chorus)

**G/B**

**Bb**

**Am7**

**D**

**G**

Kiss me again
