Love of the Common Man
Words and Music/Todd Rundgren

Okay I guess I m going to have to fill up this artists folder all by myself.Any way thanks for your thumbs up email.
This is one of TR s favorite live performance songs,because he plays it well as a solo number on a 12 string Ovation.Although the video shows that Todd s playing all over the neck as well as 1st position chords,I think it sounds better and is a bit easier(at least for me it is) if you keep the chords simple.
Remember boys and girls just listen to the record and follow the changes.
