

Oh Me Oh My
Toh Kay

Couple of notes, Im using D# instead of Eb as it is in the key of B, but they are the same chord.

There is understandably a lot of fingerpicking and walking between chords, for example,
on the second line C#m D#m Em is simply a note progression walked up the A string and goes like this: -

```
C#m D#m Em
e--4-----7--|
B--5-----8--|
G--6-----9--|
D--6-----9--|
A--4-4-6-7-7--|
E--4-----7--|
```
