

## The Receiving End Of It All Toh Kay

The song is supposed to be played with a capo on the 2nd fret but it sounds just as good with no capo so it s up to you,

I figured this out from the vid of Tomas playing this live on youtube: [http://www.youtube.com/watch?v=3hd\\_M0DCqF4](http://www.youtube.com/watch?v=3hd_M0DCqF4)

He varies between strummed and arpeggiated chords but it sounds fine if you just play the bass note of the chord before strumming if that makes sense.

I m quite sure this is all correct but if you spot a mistake leave a comment and I ll sort it out.

Intro: **Bbm**

Verse 1:

**Bbm** **C#**  
So Marigold, my love, you ve had too much to drink,

**F#** **G#** **F**  
And I need not remind you, our discount tickets for this sinking ship.

**Bbm** **C#**  
Take-backs and sweet regrets, that s all that we have left.

**F#** **G#** **F**  
No one is looking out for anyone but number one.

**Bbm** **C#**  
One to one, two to dance, we all get our sweet romance,

**F#** **G#** **F**  
Though sour grapes will turn to wine, its all just vinegar with time,

**Bbm** **C#** **F#**

And oh, you want to know, we all want to know,

**G# F**

How can anybody treat somebody so?

Chorus:

**Fm \*C# (Play once and let ring) Fm**

She said, It hurts too much, I said, It will never hurt enough,

**\*C# G#**

No one will ever see these cuts, no one will ever call this bluff, but that s  
just the way...

**Bbm G# F# C#**

And when he left us he said, It s not so bad.

**Bbm G# F# C#**

That motherfucker, he took everything we had,

**Bbm G# F# C#**

And when I m thinking back, I m counting all the ways,

**Bbm G# F# C#**

Nobody helped us, so we dreamt of better days,

**G#**

And we sang, That s just the way that...

**Bbm F# C# G#**

We used to be in love (my love!), but now we re just in like,

**Bbm F# C# G#**

And we broke all our promises, and baby that ain t right

**Bbm F# C# G# Bbm F#**

Because you don t know what it s like to lose it all.....

**C# G# Bbm F#**

Nooooooooooooo, Nooooooooooooo

**C# G# Bbm**

You were not on the receiving end of it all!

**F#**

Nooooooooooooo

**C# G# Bbm**

You were not on the receiving end of it all!

**F# C# G#**

You beg and plead, but no one here can save you -

**Bbm**                      **F#**                      **C#**                      **G#**

Why would they try when they can't quite save themselves?

Verse 2:

**Bbm**                                      **C#**

So Marigold, someday we'll have to write a script,

**F#**                                      **G#**                                      **F**                                      **Bbm**

But I won't stop denying ashamed of all the selfish things we did.

**C#**  
Dropped out of every single friendship that you had,

**F#**                                      **G#**                                      **F**                                      **Bbm**

They nearly loved you, but you never could have loved somebody back.

**C#**                                      **F#**                                      **G#**  
Tell me of your sorrows, tell me everything from the start,

**F**                                      **Bbm**  
I'd like to do my part to help a friend in need -

**C#**  
I said you could come to me,

**F#**                                      **G#**                                      **F**  
But when you needed someone most, I wasn't there, I wasn't even...

Chorus:

**Fm**                                      **\*C#**                                      **Fm**

She said, It hurts too much, I said, It will never hurt enough,

**\*C#**                                      **G#**
