

By Your Side
Tokio Hotel

Okay, well, I m not claiming this to be 100% right, but I found this probably the way to play it!

Capo 3rd fret

Chords:

C (x32010)

Cadd11 (x33010)

Am (x02210)

F Maj7 / **C** (x33210)

Em (022000)

The rhythm is pretty easy to learn, just listen to the way Tom Kaulitz plays it a few times.

Intro:

C **Cadd11**

Verse:

C **Cadd11**
No one knows how you feel
C **Cadd11**
No one there you d like to see
Am **F** Maj7/**C** **C**
The day was dark and full of pain
C **Cadd11**
You write help with your own blood
C **Cadd11**
Cause hope is all you ve got
Am **F** Maj7/**C**
You open up your eyes
C
But nothings changed

Pre-Chorus:

Am **F** Maj7/**C**
I don t want to cause you trouble
C
Don t wanna stay too long
Am **F** Maj7/**C**
I just came here to say to you

Chorus:

C **Cadd11** **C** **Cadd11**

Turn around, I am here
Am **F** Maj7/**C** **C**
If you want it s me you ll see
C Cadd11 **C** Cadd11
Doesn t count, far or near
Am **F** Maj7/**C** **C**
I can hold you when you reach for me

Repeat the verse chord pattern and repeat the chorus until you get to:

Bridge:

Am **C**
If the world makes you confused
Em Cadd11
And your senses you seem to lose
Am **C**
If the storm doesn t want to diffuse
Em Cadd11
And you just don t know what to do
Am **F** Maj7/**C**
Look around, I am here
Am **F** Maj7/**C**
Doesn t count far or near

And that s basically it! I don t think the **C** in the bridge sounds correct, so if you know what the chord should be, let me know :)
