==Lyrics:

You would make me fall into love  
Deep in love, far away  
You would make me fall into love  
Deep in love, far away

There s nothing in the world,  
that can take me from my girl  
I got her heart screaming  
Woho

I could be falling for last  
But that ain t good enough  
Baby I m falling for love  
I m falling in love

Let s go!

Morena, talk to me..

I m from Venus, you re from Mars  
When together we create stars  
Falling down from Earth x2  
Woho

I m from Venus, you re from Mars  
When together we create stars  
Falling down from Earth x2  
Woho
