

I Cant See You But I Know Youre There

Tom Gabel

This is the first tab I ve ever posted. It s a very easy song, but a good one. I fell in with it the first time I heard a live bootleg of him playing it. I m pretty sure this correct.

C **F**
I sent you flowers today,
C
But they didn t get delivered.

The company charged me anyways.
C **F**
I m picking up bad habits.
C
I pick up new ones almost every day.
F
I pick em up while I m on my way.
G **Am** **C** **F**
Most of the time I feel like I don t belong.
C
But I got my new favorite record today.
F
My favorites change every single day.
C
Except you,
F
You ll always be number one.
C
You are my future, you re my memories.
F
Please don t ever forget about me.
C
You mean more to me
F
Than any song.

(Chords are the same the rest of the way. End song with three solid strikes on C.)

Lyrics:

I was asleep when you called last night.
You left a message,
But I didn t check it.
There s a distance between us

And that s not a metaphor.
It s just poetry from me to you, you know.

Most of the time I feel so uninspired.
But I got my new favorite record today.
My favorites change every single day.
Except you,
You ll always be number one.

You are my future, you re my memories.
Please don t ever forget about me.
You mean more to me
Than any song.

I got my new favorite record today.
My favorites change every single day.
Except you,
You ll always be number one.

You are my future, you re my memories.
Please don t ever forget about me.
You mean more to me
Than any song
