

Found What Ive Been Looking For
Tom Grennan

This is my first tab - so apologies if it s not of the highest quality!
The intro riff is played throughout most of the song; however, it is most prominent during the verses and the end of the bridge part later in the song. If you have two guitars, one guitar could play the riff underneath the chords of the chorus and the outro. Listen carefully to the timing of the riff.

Hope this tab helps!
