Don t be afraid when it doesn t go your way,

You re still scared and stuck in yesterday.

When life seems simple, but even now it s changed
Bm G D A
You gotta let it go, don t hold on to your past.

D G A Bm
I wish you could see it through my eyes.
D G A Bm
It s so, so simple and there s nothing you should fear.

D G A Bm
Waiting for yesterday that will never come.

When your world broke, it didn t make you strong.
Now you say you re lonely and feel you don t belong.
Well, you promise to future hoping for the past.
And knowing wise your act, but you see it so fast.

I wish you could see it through my eyes
It s so, so simple and there s nothing you should fear.
I wish you could see it through my eyes
Waiting for yesterday that will never come.

D G A Bm
I wish you could see it through my eyes
It s so, so simple and there s nothing you should fear.
I wish you could see it through my eyes
Waiting for yesterday that will never come.

D G A Bm
I wish you could see it through my eyes
It s so, so simple and there s nothing you should fear.
