Help Yourself
Tom Jones

```
C#                             G#      C#                                    F#
Love is like candy on a shelf, you want to taste and help yourself.
                                      C#              G#          C#
The sweetest things are there for you, help yourself, take a few,
            G#                C#
that s what I want you to do.

C#                             G#    C#                              F#
We re always told repeatedly, the very best in life is free,
                                      C#              G#          C#
and if you want to prove it s true, Baby, I m telling you,
          G#                  C#
this is what you should do.
```

(Chorus:)
```
                  C#
Just help yourself to my lips, to my arms,
                              G#
just say the word and they are yours.
G#
Just help yourself to the love in my heart,
              G#7                C#
your smile has opened up the door.
C#
The greatest wealth that exists in the world
                          G#
could never buy what I can give.
G#
Just help yourself to my lips, to my arms,
              G#7                  C#
and then let s really start to live.

C#                             G#    C#                                 F#
My heart has love enough for two, more than enough for me and you.
                                      C#              G#          C#
I m rich with love, a millionaire, I ve so much it s unfair,
          G#              C#
why don t you take a share.
```

(Chorus)
