

# I Aint Scared Of Lightning

Tom McRae

**G**

I ain t scared of lightning

**D**

Come on and do your worst

**C**

If they gave degrees

**Am**

For cheating destiny

**D**

Then man

**G**

I got a first

*(exact same chords throughout the song)*

No, I ain t scared of lightning

It s the same old empty threat

I ve been standing proud

Beneath the gathering cloud

And man

I ain t dead yet

No I ain t scared of lightning

And thunder never killed

I was born in a summer storm

I live there still

Yeah, I was born in a summer storm

I live there still
