This is a (pretty damn awesome) ukulele song, so you ll want one of them to get the sound good...

Very simple, basically just:

[Verse]

**F#m D**

[Chorus]

**A F#m**

He plays a little fill on the EM and C (same with the G, just alternate the top E with a C)

Something like:

A--2-22-00-22--2-22-00-22-|  
E--3-33-33-33--0-00-00-00-|  
C--4-44-44-44--0-00-00-00-|  
G-0-----0-----|

Lyrics:

**F#m**

When I walk through

**D**

The bone yard with you

**F#m**

I think I m walking hand in hand

**D**

With my own ghost.

**F#m**

I ve been many things,

**D**

Played a fool to catch a king

**F#m**

And I ve even been the man behind the walls

**D**

Who hears your screams

**A**

**F#m**

But I, I still love you

**A**

**F#m**

Yeah I still love you

**F#m**

Like a wolf on a black new moon

**D**

A shadow boxer at high noon

**F#m**

I m acting lost and so confused

**D**

That much is clear

**F#m**

Are you the one I ve come to save

**D**

Are you the water or the wave

**F#m**

Am I drinking you down deep

**D**

Or drowning here

**A**

**F#m**

But I, I still love you

**A**

**F#m**

Yeah I still love you
