

Chemical Reactions Romance

Tom Milson

Am6 = 2 x x 3

C **Am6**
Strange, how life gets turned around
F
Gets turned completely upside down
G
Now I am here

C **Am6**
I wish that I could be
F
Invisible at ninety degrees
G
And slide away

C **Am6**
Your chemical reactions aren't the same as mine
F
We are indifferent to each other
G
And I can't remember why

C **Am6**
Your chemical reactions aren't the same as mine
F **G**
We are indifferent to each other

C **Am6**
Strange, that though we're fully grown
F
If someone asked us, we wouldn't know
G
Why we do this

C **Am6**
I wish that I could be
F
On every screen, on every TV
G **C**
Stay here, will you, it's gonna be alright

Am6
Your chemical reactions aren't the same as mine
F
We are allergic to each other
G
And I can't remember why

C **Am6**
Your chemical reactions aren't the same as mine
F **G**
We are allergic to each other

C **Am6**
Strange, although this is the end
F
I want to be the only friend
G
Who understands you

C **Am6**
I wish that I could be
F
Invisible at every degree
G **C**
Stay and watch you cry when I am gone

Am6
Your chemical reactions aren't the same as mine
F
We are allergic to each other
G
And we can't remember why

C **Am6**
Your chemical reactions aren't the same as mine
F **G**
We are indifferent to each other
