Ukulele tab

When it says move up 4 etc. just keep the existing chord formation and slide it
up the specified number of frets :)

G **G**
I saw your wedding dress among the rhododendrons
(A string, pluck, 2, 5, 7, 5, 2)

And wondered what was up now

G **G**
Your neck was red and I could see the aching tendons
(A string, pluck 2, 5, 7)

But you looked better somehow

G move up 4 move up 2 move down 2

But you looked better somehow

G up 4 up 2 down 2

But you looked better somehow

G up 4 up 2 down 2

But you looked better somehow

G up 4 up 2 down 2

But you looked better somehow

G **G**
You locked eyes with me for less than half a second
(A string, pluck, 2, 5, 7, 5, 2)

I saw the anger in you

G **G**
The hatred that you have for everything within me
(A string, pluck, 2, 5 7)

And everything that I do

G up 4 up 2 down 2

And everything that I do

G up 4 up 2 down 2

And everything that I do

G up 4 up 2 down 2

And everything that I do

G up 4 up 2 down 2

And everything that I do

G **G**
And after that there wasn't anything to tell me
(A string, pluck, 2, 5, 7, 5, 2)

Undressed and uncommanding

G **G**
I'd never seen you look so dark and underwhelming

(A string, pluck, 5, 2, 5, 7, 9)

And so I left you standing

G up 4 up 2 down 2

And so I left you standing

G up 4 up 2 down 2

And so I left you standing

G up 4 up 2 down 2

And so I left you standing

G up 4 up 2 down 2

And so I left you standing
