[Verse 3]

Bm7 D7sus2 Gmaj7 F#7+5

Yo, I wear notes like coats

Blues like doos, warm from the rhythm, soul that glues

That bounce to my bones, that jazz in my spine

The hop is my home, rap is my grind

I'm grindin' on the back side of life, we dance

She threw me a chance, her hands in my pants

Actually, my pockets holdin' me tight

Whispering a dream I could hold in the night

Blood tight, a rhythm that's throbbin' my veins

Wake up and write it on a pad, the pains

Like church, the organ will invite the tears

Like birth, I'm cryin', let you know I'm here

Held by the song that gave me a name

Dressed by the verse that gave me a claim

(There's just a bass in the line) safe to inhale

And if you live well

Belonger years in this state, you will be

A timeless octave to play for the tree

That's rooted in every single nerve in me

The nerve of he who ignores the key

And use it to open the minds that be free

Whenever you're hot head ignores you, you are free

Beneath the clouds, you allowed to see, in clarity

Through harmony, someone harmin' me?

That won't be done
I stand protected by the laws of fun
I am perfected through the rhymes of Run
Walkin' this way and leave the party stunned
This music, it launched me
With no aim, I've landed with some plane
Where I am I can't explain or never know
But it's beautiful so...

[Chorus]

Bm7

You can't take this away from me

D7sus2

The way I hear the melody

Gmaj7

The waves bring clarity

F#7+5

Running through me

Bm7

You can't take this away from me

D7sus2

The way I hear the melody

Gmaj7

The waves bring clarity

F#7+5

Running through me
