

Valium / Come And Gone  
Tom Odell

[Intro] **Eb Bb Ab**  
**Eb Bb Ab**

**Eb**  
I m not trying to be clever  
**Bb**  
But you said we d last forever  
**Ab**  
Like the birds and bees  
**Eb**  
But we re really nothing more  
**Bb**  
Than the future that they sold  
**Ab**  
In the old movies  
**Cm**  
Bullet trains, too late  
**Ab Eb Fm**  
Sonic planes flying straight into the sun

**Eb**  
You have come and gone  
**Ab**  
Now you re just a number on my telephone  
**Cm Fm Bb**  
Just another reason for my valium, oh love  
**Eb Ab**  
Was that what you want?

**Bb Eb**  
I found that picture in my pocket  
**Bb Ab**  
Should I keep it, should I lock it, right away from you?  
**Eb**  
I guess it s just a girl and boy  
**Bb**  
Another broken polaroid  
**Ab**  
We threw away too soon  
**Cm**  
And like a music star  
**Ab**  
Your life fell apart  
**Fm Bb**  
Tonight singing your song

**Eb**

You have come and gone

**Ab**

Now you re just a number on my telephone

**Cm**

**Fm**

**Bb**

Just another reason for my valium, oh love

**Eb**

Tell me are you feeling bad?

Maybe I should fill it up with pretty words, so wrong

**Bb**

Even if it ain t true

**Eb**

You ve come and gone

**Ab**

Now you re just another of my saddest songs

**Fm**

Just another reason for my valium, oh no

**Eb**

**Bb**

But tell me are you feeling bad?

**Cm**

**Eb**

**Ab**

If you heard this on the radio would it make you sad?

Maybe I should fill it up with pretty words, so wrong
