LYRICS:

Well the clouds rolled by
In the big blue sky
As the sun beats down on Casa Dega
And the moon pulls the tide
And the tide brings night
But night is more than just night in Casa Dega

Chorus:

Oh, baby and I
Think I m starting to believe the things that I ve heard
Cause tonight in Casa Dega I hang on every word
She said...

...to me
As she holds my hand
And reads the lives of a stranger
Yeah and she knows my name
Yeah she knows my plans
In the past, in the present and for the future

Chorus: Oh, honey...

Bridge:

Baby fools pay the price of a whisper in the night in Casa Dega
Time rolls by and night is only night, can I save ya?
