Hello Everybody!:-) This is my second Stab at transcibing music, and I think
this one is great. Well, here is another stab at another great tune of Tom s
Petty s A HIGHER PLACE

first off, you only have to use 3 chords for the majority of the song. they
are:

E chord   Asus2   Dsus2

E--0------   E---------   E----------|
F--0------   F---------   F-----3----|
D--1------   D--2------   D---1-------|
B--2------   B--2------   B----------|
G--2------   G---------   G----------|
E--0------   E---------   E---------|

(that s the fret s you have to hold, you play around with the fingering with
your liking:-)

here is how you would start off the begining on an acoustic guitar.

E   Asus2   Dsus2   Asus2   E   Asus2   Dsus2

that s the beginning! I don t have the cd on me right now, but if you know
the song, you probably know the rythym!!!!

Here Are the lyrics!
p.s.   there are a few other chords, you probably know them though!

VERSE 1:

  We Gotta get to a higher place and we gotta leave by night. Before that
river takes us down we gotta find somwhere that s dry
We gotta run like we never run, or we re gonna lose the light.
We Don t get to a higher place and find somebody, can help
somebody, might be nobody no more
We gotta get to a higher place and i hope we all arrive together.
we gotta get to a higher place if we wanna survive the weather)

VERSE 2:

(Well, i fool myself and i don t know why
 I thought we could ride this out
 I was up all night making up my mind
 But now i got my doubts
 I got my eye on the waterline
 Trying to keep my sense of humor)

VERSE 3:

(I remember walking with her in town,
 Her hair was in the wind
 I gave her my best kiss
 She gave it back again
 When i add up what I ve left behind
 I don t want to lose no more)

If you want the chord switches and lead, (which i have!), just E-mail me. If
you really want the leads, you would mail me, and tell me that you appreciate
my work right? anyway, any requests, (I like Live, (the group:-) Ac/dc and i
guess you could throw in Sringe Toting Pilots. any questions, comments, Death
Threats, questions about computers (Dos or GW-Basic, I am the Man!) just
email me!!
