

No Reason To Cry

Tom Petty

Tabbed By Timmy Burns

Couldn't find any tabs for this song and it made me mad, so this is the closest I got from watching YouTube videos very carefully and wanted to share.

Capo on 3rd fret

Verse

D **G**
All Iâ€™m wanting is to see you
D **G**
And to hold you once again
Em **A**
And see the sun color your hair
Em **F#m** **A**
And see the tall grass blow in the wind
D **G**
Overcome me bitter sweetness
D **G**
Put me under a magic spell
Em **A**
Overcome me all my sadness
Em **F#m** **A**
Lead me on and wish me well

Chorus

G **F#m A**
Thereâ€™s no reason to cry
G **F#m A**
Thereâ€™s no reason to cry
G **F#m A**
Itâ€™s alright

Verse

D **G**
So overtake me my sweet lover
D **G**
Let me kiss your honey lips
Em **A**
Could be the only thing thatâ€™s real
Em **F#m** **A**
Could be when you get sad your memory slips
G **F#m A**
Thereâ€™s no reason to cry
G **F#m A**
Thereâ€™s no reason to cry

G

Itâ€™s alright
